

STEM CHALLENGE:

What can you do with a PUMPKIN?

Get your pumpkin ready because it's time for the
Annual Anne Fox Pumpkin Challenge!

ALL students and staff are invited to participate in the challenge by **bringing in** a completed pumpkin creation **on Monday, October 28th.**

*Please do not bring your pumpkin before the start date.

*Will you paint it? Carve it? Build it into something magnificent?
We can't wait to find out!*

Don't have a pumpkin?

Create a pumpkin on paper to decorate our front hallway!

Pumpkins will be **displayed at school** for the week
and sent home on Friday, November 1st.
